

BEL AIR ENTRYWAY PROJECT

UPDATED MARCH 22, 2013

FOR MORE INFO, CALL PUBLIC INFORMATION
OFFICER STEVE d'OLIVEIRA AT 954-640-4209.

TWO STREETS WILL BE CLOSED NEXT WEEK

Southeast 19th and Southeast 15th streets will be closed -- one at a time -- on Tuesday March 26 to install the electrical conduit for the new lights and gates.

The Town hopes both conduits can be installed in one day. With the large number of utilities in the area, however, it may take two days to finish the work.

Everything has been ordered for the project. The Town expects the lights to arrive in early April. Once the lights are installed, the concrete curbing will be poured. The gates and pedestals will be installed after the concrete is cured.

New gateways and lighting will be installed at the two entrances to Bel Air. The two gates will be similar to the one now located on Terra Mar Island.

If residents have questions, please call **Municipal Services Director Don Prince** at **954-275 0908**. You can also e-mail him at **donp@lbts-fl.gov**.
